1.2. GENERAL DISCUSSIONS

- Specification document was presented to BEL group by Tobias
- Special meeting to discuss timing will be arranged by GSI to evaluate GSI/CERN timing converter.
- Gasper must talk to Wolfgang Kaufmann, Guenther Froehlich (on holiday till end of August) and Piotr Kowina about GUI specifications and POSI program.
- GSI has defined budget internally, some of it must be spent this year. Marcus and Ralph will discuss this with Igor.
- CERN application environment will be used for GUI. Contact Raphael and Jutta for this.
- Old amplifiers for calibration will be replaced in the future (old one will be used for approximately 2 years). We intend to use Userface to control the amplifiers.
